This report describes crime incidents in the ABSPY intervention area over the winter months of December, January, and February 2025. It is divided into six sections: One for each hot spot (Rose Street, Rainier & Henderson, Light Rail, Lake Washington, Our Safe Way) and a summary of all hot spots for the quarter. Each section contains the following data:

1. Number of police offenses this winter 2025 compared to the previous winter seasons, 2014-2025 (by age group and broad category: person, property, society, or other)
2. Number of selected offenses in winter 2025 compared to the previous winter seasons, 2014-2025 (by age group and offenses of interest at the hot spot: aggravated assault, simple assault, and robbery)

DEFINITIONS OF FREQUENTLY USED TERMS

- **Offenses:** Offenses are events that have criminal activity involved. Every offense involved in a single crime activity is reported in the data as a single, distinct crime. There may also be incidents involved within offenses; these are non-crime police activities that took place within the event. We prioritize violent offenses in this analysis. See the example below for information about how this affects the numbers.
- **Incident/Offense Example:** A report will contain all the offenses or incidents that occurred during a single event. For example, during a traffic stop a driver is arrested for DUI and the police impound their vehicle. The DUI is classified as the **offense** because this is the crime that took place during this event. The vehicle impound is classified as an **incident** because this is a police action that took place during the same event, but it is not a crime event.
- **Person Offenses:** Crimes involving a person as a victim, e.g. assault, aggravated assault.
- **Property Offenses:** Crimes involving loss of or damage to someone’s property, e.g. robbery, theft, burglary, property damage, arson.
- **Society Offenses:** Crimes that affect public order and quality of life, e.g. disturbances, liquor violations, drugs, threatening behavior, weapons, prostitution.
- **Other Offenses:** Crimes that do not fit into person, property, or disorder categories, such as fraud and trespassing.
- **Youths:** Individuals 25 years old or younger.
- **Adults:** Individuals 26 years old or older.

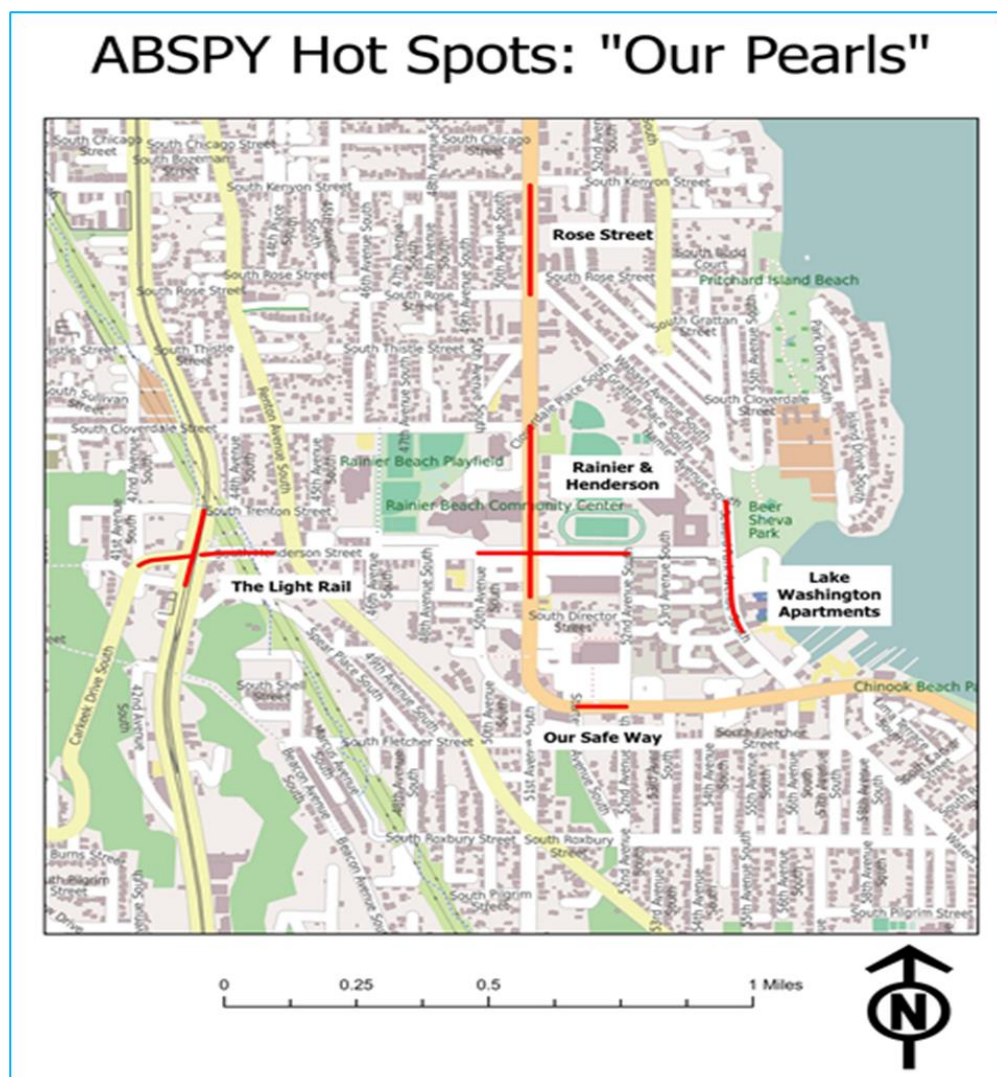

CAVEATS

1. Seattle Police Department uses NIBRS data formatting to count and prioritize offenses, with NIBRS grouping categories “Group A” and “Group B” separating the more serious crimes from the less serious crimes respectively.
2. Crime counts can change rapidly from month to month, especially in small areas. Quarterly and even yearly changes are not necessarily indicative of long-term crime trends.
3. The Seattle Police Department recently switched to the NIBRS reporting system and is still in the process of compiling their new database. The new data categorize some offenses differently and as such, numbers are subject to change and should not be compared to previous reports.

MAJOR TRENDS

1. All Crimes – Change from Winter 2024 – Winter 2025: For youth - the frequency of person offenses increased, property offenses increased, society offenses remained constant, and other offenses remained constant. For adults, person and property offenses remained constant while society and other offenses increased.
2. Person-specific Crimes – Change from Winter 2024 – Winter 2025: For youth, the frequency of aggravated assault increased, simple assault increased, and robbery increased. For adults, aggravated assault decreased, simple assault decreased, and robbery increased.

HOT SPOT SPECIFIC TRENDS CRIME DATA IS PRESENTED FOR FIVE RAINIER BEACH CRIME HOT SPOTS REFERRED TO BY THE RAINIER BEACH ABSPY AS “OUR PEARLS: ROSE STREET, RAINIER AND HENDERSON, LIGHT RAIL, LAKE WASHINGTON, AND OUR SAFE WAY.

ROSE STREET

1. All crimes – Change from Winter 2024 – Winter 2025: For youth, the frequency of person crimes increased, property offenses increased, society remained constant and other offenses remained constant. For adults, the frequencies of person crimes increased, property offenses increased, society offenses remained constant, and other offenses remained constant.
2. Person-specific crimes – Change from Winter 2024 – Winter 2025: For youth, the frequency of aggravated assault increased, simple assault remained constant, and robbery remained constant. For adults, aggravated assault increased, simple assault remained constant, and robbery remained constant.

RAINIER AND HENDERSON

1. All crimes – Change from Winter 2024 – Winter 2025: For youth, the frequency of person crime increased, property offenses decreased, society offenses remained constant, and other offenses remained constant. For adults, person offenses decreased, property offenses decreased, society offenses increased, and other offenses increased.
2. Person-specific crimes – Change from Winter 2024 – Winter 2025: For youth, the frequency of aggravated assault remained constant, simple assault increased, and robbery increased. For adults, aggravated assault remained constant, simple assault decreased, and robbery remained constant.

LIGHT RAIL

1. All crimes – Change from Winter 2024 – Winter 2025: For youth, the frequency of person offenses decreased, while property remained constant, society and other offenses remained constant. For adults, person offenses decreased, property offenses decreased, society offenses decreased, and other offenses remained constant.
2. Person-specific crimes – Change from Winter 2024 – Winter 2025: For youth, the frequency of aggravated assault decreased, simple assault remained constant, and robbery remained constant. For adults, aggravated assault remained constant, simple assault decreased, and robbery remained constant.

LAKE WASHINGTON

1. All crimes – Change from Winter 2024 – Winter 2025: For youth, the frequency of person offenses increased, property offenses decreased, society offenses remained constant, and other offenses remained constant. For adults, person offenses increased, property offenses decreased, society offenses increased, and other offenses increased.
2. Person-specific crimes – Change from Winter 2024 – Winter 2025: For youth, the frequency of aggravated assault increased, simple assault increased, and robbery remained constant. For adults, aggravated assault remained constant, simple assault increased, and robbery remained constant.

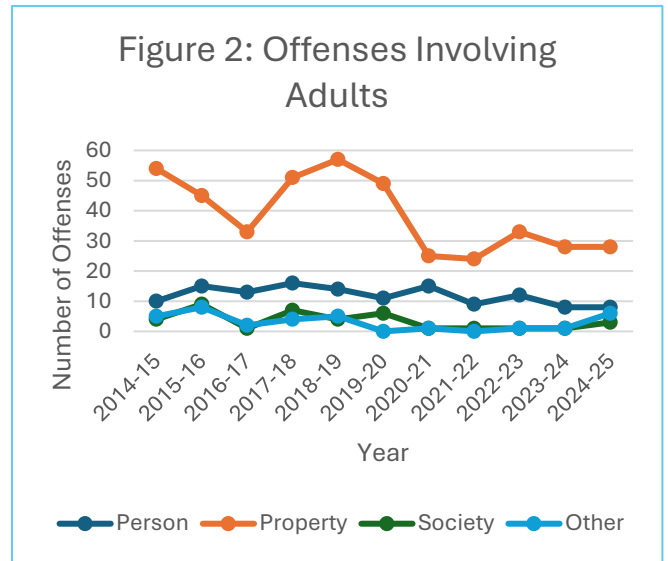

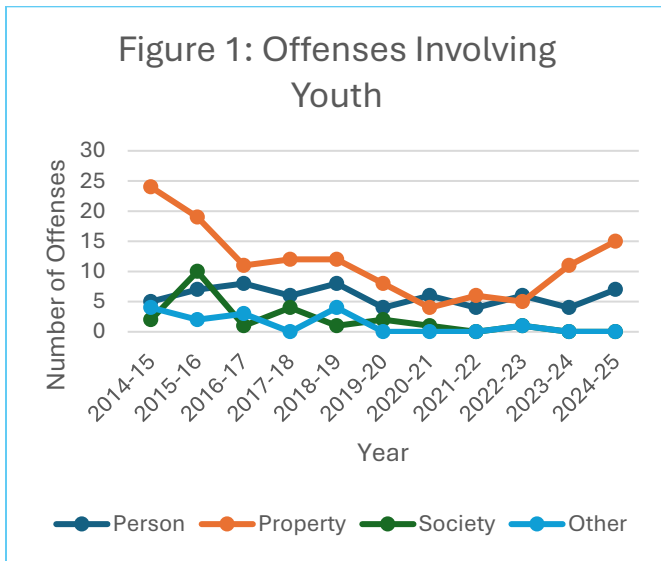

OUR SAFE WAY

1. All crimes – Change from Winter 2024 – Winter 2025: For youth, the frequency of person offenses decreased, property offenses increased, society offenses remained constant, and other offenses remained constant. For adults, person offenses decreased, property offenses remained constant, society offenses increased, and other offenses increased.
2. Person-specific crimes – Change from Winter 2024 – Winter 2025: For youth, the frequency of aggravated assault remained constant, simple assault decreased, and robbery remained constant. For adults, aggravated assault increased, simple assault decreased, and robbery increased.

ALL RAINIER BEACH HOTSPOTS: SPECIFIC OFFENSES BY AGE, GROUP, AND NUMBER

All Events: December - February 2014-2025

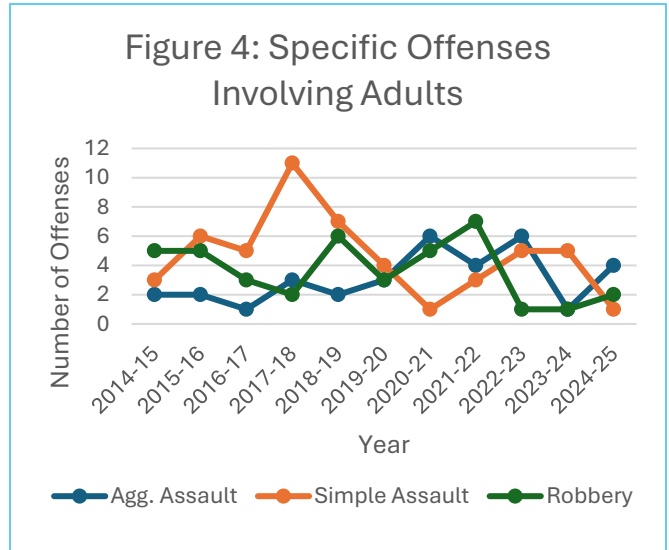

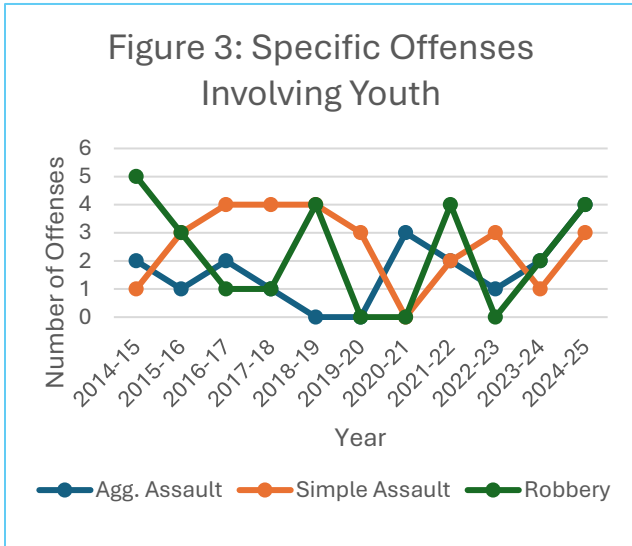

- **Youth:** There were 228 offenses involving youth (65 person, 127 property, and 22 society, and 14 other) in all hotspots in December- February 2014-2025.
- **Adults:** There were 629 offenses involving adults (131 person, 427 property, 38 society, and 33 other) in all hotspots in December- February 2014-2025.
